

Manchester, England;

Nov. 23rd 1836George Thompson

My dear friend,

Many thanks for your favor doct
 slip — It gladdened my heart to be informed
 of your truly noble & magnificent movements
 in the great cause of Universal Freedom.
 I give God thanks on your behalf &
 pray that your wisdom, courage, meekness,
 & faith may be correspondent with the
 great & glorious work in which you
 are embarked.

I fear you have indulged hasty
 thoughts respecting me on account of my
 silence. I know not what to say
 except that my labors have been
 very many and very trying & have
 absorbed all my time & strength.
 Pray my dear brother forgive me

I send you 1. Report of Baptist Union. 2 address
of the United Associate Synods 3 Circular letter
of Baptist Association in Scotland 4 recent letter
you decorated. 5. Leicester Chemical Society.
With reference to the papers permit me to
say that the reports, particularly the
Society's respecting Texas is full of errors
respecting Texas and I trust therefore
you will not print without first correct-
ing the mistakes in names, dates &c
Perhaps it would do to give the remarks
descriptive of the character of the
meetings & the resolutions and leave
out the speeches. As you please.

I only was and then got an Emancipation - how my dear brother if you
will forgive me for the part will
try to do better for the future. I will
try to make some arrangement by
which you may get ~~such~~ such
magazines & papers as are likely to

help you and I want you to make
some arrangement for sending me all
your papers & publications. Will you
therefore see if it be possible to
send me monthly a parcel through
the Messengers of Liverpool containing
the month's records - have friend -
Enclosures to be directed to me
118 Princes Street Edinburgh
to be forwarded by Coach from
Liverpool direct? I have not
seen your quantity for the last
6 months. I have no 3 but none
after.

I am much pleased with your
paper. You live up a most
excellent apartment.

For myself, I am working very
hard. Lecturing often, & constantly

business to plead in behalf of various
Religious & benevolent institutions.

I am tolerably well in health. My
dear wife and four little ones are
well. Let every thing for us be
sent direct to the above address.

You will (D.V.) have Mr. Joseph Sturge
of Birmingham and Mr. Prosser
with you at your Anniversary
in May next. They are now
on a tour of observation amongst
the N. I. Islands.

Farewell my dear brother,
Believe me, with kindest regards
to Mrs. Phelps — your attached

and devoted friend

W. Thompson
